

Senior Medical Science Liaison - Oncology

Job ID

REQ-10073021

Mar 05, 2026

LOC_SA

About the Role

Medical Expert Engagement

- Identify, map, and engage Medical Experts and study investigators in alignment with the Integrated Product Strategy (IPS).
- Share medical, scientific, and health outcomes evidence on Novartis compounds, therapeutic areas, and new treatment options with HCPs and key stakeholders.

Scientific Information & Requests

- Respond to unsolicited HCP requests by presenting globally approved data, including compounds in development.
- Involve HCPs in advisory boards, educational activities, and publications when relevant.

Clinical Research Support

- Educate on Novartis clinical research programs, recommend study sites, and support trial feasibility and accrual.
- Facilitate IIT submissions and material transfer agreements for independent research.

Scientific Exchange & Insights

- Promote scientific exchange on emerging principles and trends.
- Collect and report HCP insights to inform medical strategy and IPS planning.

Internal Contributions

- Act as a local medical resource for disease area and product training.
- Contribute to IPS and Medical Affairs strategy design and execution.

Compliance & Integrity

- Ensure adherence to all compliance processes (e.g., IIT, Medical Affairs Field Interactions).
- Foster a diverse, inclusive, and harassment-free environment.

Education & Communication

- Provide scientific and educational information to HCPs on patient-critical issues.
- Support internal capability building through training and knowledge sharing.

Minimum Requirements

- A degree in PharmD, PhD, MD (Medical Doctor) is essential.
- At least 2-year experience as Medical Science Liaison, specific experience in Oncology is a plus.
- Fluent in both Arabic and English languages.

Role Requirements

Why Novartis: Helping people with disease and their families takes more than innovative science. It takes a community of smart, passionate people like you. Collaborating, supporting and inspiring each other. Combining to achieve breakthroughs that change patients' lives. Ready to create a brighter future together? <https://www.novartis.com/about/strategy/people-and-culture>

Benefits and Rewards: Learn about all the ways we'll help you thrive personally and professionally.
