About the Role

Key Responsibilities:

- Lead execution of state access strategy across priority states and public accounts to drive patient access, formulary inclusion, and uptake of Novartis brands.
- Develop and scale innovative partnership models with state-level accounts, government bodies, and key stakeholders to strengthen the healthcare ecosystem and enable sustainable patient access.
- Drive state-level patient access strategies by translating national priorities and insights into actionable, high-impact field execution plans.
- Build and manage stakeholder ecosystems, including structured stakeholder mapping, prioritization, and engagement plans to establish strong relationships with key influencers, policymakers, healthcare providers, and public sector authorities.
- Leverage cross-functional insights and market intelligence to shape access strategies and support data-driven decision-making at state account level.
- Identify and address access barriers, while unlocking partnership and funding opportunities to improve affordability, inclusion, continuity of care, and penetration across key state accounts.
- Collaborate cross-functionally (Commercial, Medical, Policy, Public Affairs, Compliance Legal) to design and implement compliant, scalable access initiatives.
- Develop and execute state account plans, including stakeholder prioritization, engagement cadence, partnership roadmap, and clearly defined access KPIs and outcomes.
- Lead and develop the access field team, driving performance, capability building, and engagement through coaching, clear goal setting, and fostering a high-performance, customer-centric culture aligned to Novartis values.

Essential Requirements:

- Graduation (Any Stream). Candidate with MBA will be preferred.
- 10+ Years working experience in pharma sector with previous or existing experience of managing State Government Accounts.
- Previous People management is required
- Candidates with proven track record in state access will be preferred
- Able to understand changing dynamics of Pharmaceutical industry
- Proficient and fluent in English (spoken and written), with good interpersonal and communication skills.
