About the Role

- Lead month-end close activities for inventory accounting, ensuring the accurate representation of inventory-related balance sheet and income statement accounts
- Oversee account reconciliations, balance sheet reviews, inventory analyses, and write-off assessments to ensure compliance and financial accuracy
- Manage the Novartis Product Margin Reporting (NPMR) process, including cost analysis, inventory reporting, and financial data uploads
- Lead SAP product costing activities, including costing cycles, budget costing processes, and inventory valuation analysis
- Manage inventory reserve processes, product revaluations, devaluations, and inventory-related journal entries
- Collaborate with business stakeholders, auditors, Group FRA, and NOCC teams to resolve inventory accounting and reporting matters
- Ensure adherence to Novartis Accounting Manual (NAM), financial control requirements, audit expectations, and service delivery commitments while driving continuous improvement initiatives

Essential Requirements

- Undergraduate degree in Accounting, Finance, Business Administration, or a related field
- Minimum 5 years of experience in Financial Reporting, Accounting, Inventory Accounting, Cost Accounting, Audit, or Record-to-Report functions
- Strong knowledge of IFRS, GAAP, inventory accounting, financial reporting requirements, and financial control frameworks
- Advanced experience with SAP and financial reporting platforms, including inventory and product costing processes
- Fluent English communication skills with strong stakeholder management, analytical, and problem-solving capabilities

Desirable Requirements

- Advanced degree in Finance, Accounting, Business Administration, or a related discipline
- CPA, CMA, or equivalent professional accounting qualification and experience leading ERP implementations, finance transformation initiatives, or inventory process optimization projects
