About the Role

Key Responsibilities:

- Driving warehouse automation transformation projects, bringing operational warehouse expertise into the DP1 manufacturing automation journey.
- Leading implementation, optimization, and lifecycle support of automated warehouse solutions and digital logistics processes.
- Ensuring seamless integration between physical warehouse operations, SAP-driven processes, and connected automation systems.
- Acting as the warehouse automation expert across SAP Extended Warehouse Management, SAP S/4HANA, and system interfaces.
- Translating warehouse needs into business and system requirements in collaboration with Information Technology and SAP teams.
- Coordinating automation topics with Engineering, Information Technology, operational teams, and external automation suppliers.
- Monitoring system and interface performance to maintain reliable, scalable, and efficient automated warehouse operations.
- Identifying automation and continuous improvement opportunities using warehouse processes, operational insights, and performance data.

Essential Requirements:

- Completed secondary education (Matura) or equivalent qualification.
- Experience working with computerized systems, such as SAP or comparable enterprise resource planning systems.
- Strong collaboration skills with a team-oriented approach.
- Action-oriented mindset with the initiative to drive tasks forward.
- Fluent English and German, both written and spoken.

Desirable Requirements:

- Experience in information technology or logistics-related information technology projects.
- Hands-on experience in warehouse process management; familiarity with artificial intelligence tools is an additional advantage.

Rewards

At Novartis, we’re committed to reimagining medicine together - and rewarding the people who make it happen.

The rewards of being part of our team go far beyond base pay and incentives. We also offer a variety of competitive benefits

in kind to help you thrive personally and professionally, such as insurance plans, retirement plans, wellbeing resources and global recognition programs. In addition, we provide flexible and hybrid working options, where possible, and a minimum of 14 weeks paid parental leave.
