REQ-10091260
Nov 05, 2026
LOC_CA

About the Role

Key responsibilities:

- Create a network of peer-to-peer scientific relationships and developing a network of healthcare professionals for partnership.
- Provide and discuss scientific information and data to ensure concepts are understood and information / insights are gathered to better inform Novartis research and set the overall strategic direction for the company.
- Develop and execute engagement plans that demonstrate an ability to stringently prioritize and strategically engage medical experts aligned with business priorities.
- Liaise and provide up-to-date medical information to relevant external groups to ensure evidence-based understanding of Novartis products relative to medical guidelines, and health economic information.
- Demonstrate an entrepreneurial mind set and ability to work within a cross-functional team in a matrix environment.
- Be agile and adaptable to interface and provide value across a continuum of both internal and external stakeholders.

Essential Requirements:

- MD, PharmD, PhD or other life sciences degree with solid medical/technical background and proven competencies influencing skills, clinical research insight, business and market knowledge.
- Scientific expertise in Dermatology/Allergy is highly desired.
- A proven ability to develop and foster peer-to-peer, credible relationships with Medical Experts/decision makers.
- Ability to synthesize complex scientific information and analyze it within strategic and regulatory settings with a strong personal integrity and customer focus.
- Familiarity with reimbursement processes in Canada.
- A valid driver's license is required for this field-based position and ability to travel throughout the territory up to 70%.
- Previous experience in the Pharmaceutical industry
- Previous experience as an MSL (3 years minimum)

Desirable Requirements:

- Derm and Allergy scientific and customers knowledge
